DANCEDIALECTS09

Two legendary Australian artists, Rakini Devi and Sete Tele, will meet in a long awaited duet that will play with the notion of the exoticized "other". Inspiring the new work is the contemporary world of Japanese Anime and graphic novels.

Perth's beloved Chung Wah Dancers will present *New Gold Mountain*, a new contemporary work that reflects and expresses the journeys of Chinese immigrants to Western Australia.

The final work features the exquisite pairing of Dan Daw and Maria-Lisa Hill. This exploratory work deals with a sharing of space, a sharing of minds, sensibilities, and all that inherently makes us human.
